

Cryptococcus laurentii

Designed by Dr. Ana Maria Porras from anaerobias

MATERIALS

- Worsted weight yarn of desired color
- Crochet Hook H - or size recommended by yarn
- Stitch Marker (to count rounds, optional)
- Polyester or other stuffing
- 12mm craft eyes

NOTES

- **Gauge** is not important for this project. Just make sure you are using a hook size you can crochet with comfortably for your yarn.
- All stitches in the pattern are worked through the **back loop only**. If you are unsure about what this means, check out this video: <https://www.youtube.com/watch?v=IQuuYji5Pas>
- I recommend you begin the pattern with a '**sloppy slip knot**' to avoid leaving a hole in the center of your microbe. Here is a photo tutorial and video you can follow if you are unfamiliar with this technique: <https://www.youtube.com/watch?v=dD0Hy0EIHIE>

ABBREVIATIONS

- ch** - chain
- sc** - single crochet
- sc2tog** - single crochet 2 stitches together
- st(s)** - stitch(es)

PATTERN

Starting with the sloppy slip knot, ch 2.

R1: Sc 6 times in 2nd ch from hook. (6)

R2: Sc twice in each st. (12)

R3: *Sc twice in next st, sc in next st. Repeat from * 5 times. (18)

R4: *Sc twice in next st, sc in next 2 sts. Repeat from * 5 times. (24)

R5: *Sc twice in next st, sc in next 3 sts. Repeat from * 5 times. (30)

R6: *Sc twice in next st, sc in next 4 sts. Repeat from * 5 times. (36)

R7-15: Sc in each st. (36)

R16: *Sc2tog, sc in next 4 sts. Repeat from * 5 times. (30)

R17: *Sc2tog, sc in next 3 sts. Repeat from * 5 times. (24)

R18: *Sc2tog, sc in next 2 sts. Repeat from * 5 times. (18)

Attach eyes between rounds 15 and 16, approximately 4 sts apart. Stuff your microbe generously.

R19: *Sc2tog, sc in next st. Repeat from * 5 times. (12)

Add more stuffing if necessary

R20: Sc2tog 6 times (6)

R21: Sc the 1st and 4th stitches together.

Fasten off and hide the tail inside your microbe

Congrats on finishing your very own microbe!!!
